DETAILED ACTION

Allowable Subject Matter

1. Claims 1-14 are allowed. The following is an examiner's statement of reasons for allowance: Claims 1-14 are drawn to a pipettor head and a method of using said pipettor head. The pipettor head teaches a vacuum/pressure chamber being positioned inside the pipettor head. The pipettor head in part defines the method, which is also taught in the instant application. This method therefore needs the pipettor head for its operation. The prior art does not disclose nor teach another device or apparatus that can be used to practice this method.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
